

MEMBERSHIP

This option is for people who are interested in the G.V.L.R. and who want to support us, but who do not have the time to help us on-site.

Benefits include: - Our quarterly magazine "Two Foot Topics"
Free travel on the G.V.L.R.
Half price travel on the MR-B's standard gauge trains

VOLUNTEER - TRAIN CREW

This option is for people who would like to guard or drive our trains one afternoon a month during the summer season. We will give you full training so that you can operate the trains safely.

Benefits include: - The satisfaction of bringing pleasure to our passengers as you transport them through our Country Park.
The reward to you of operating our Narrow Gauge Railway as part of a friendly team.
The benefits of Membership, as above.

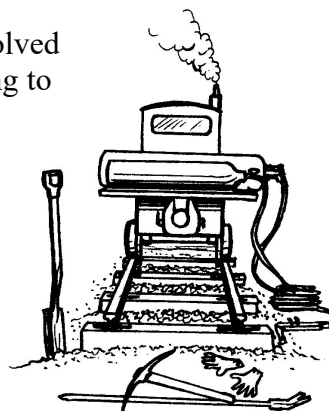

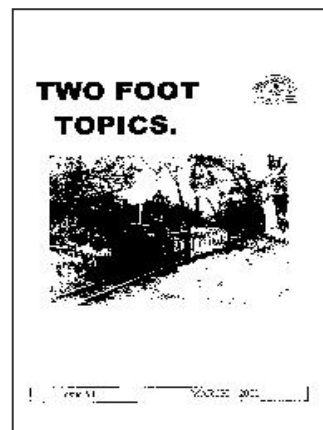

VOLUNTEER - ALL ROUNDER

This option is for people who have more time and would like to get involved in all aspects of the railway, from operating to restoration and tracklaying to hedgelaying.

Benefits include: - As above plus being able to take an active and full part in all aspects of the operating and maintenance of our railway.

Working members are required to wear protective footwear for their own safety.

The Golden Valley Light Railway

The G.V.L.R. was formed in 1986 with the aim of building a working 2ft (610mm) narrow gauge railway at the Midland Railway - Butterley.

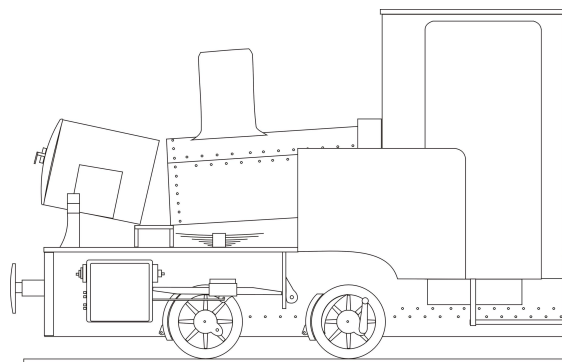

A 370 metres long line opened for passenger carrying services in June 1991, with trains initially worked by "Campbells" (a 60 hp diesel loco) hauling one coach. By 1994, three coaches were in service to cope with increased passenger numbers.

Soon afterwards, the 740 metres long extension to a new station at the back of the Newlands Inn, Golden Valley, was started. Five years later the inaugural passenger train broke the opening ribbon on 23rd May 1999.

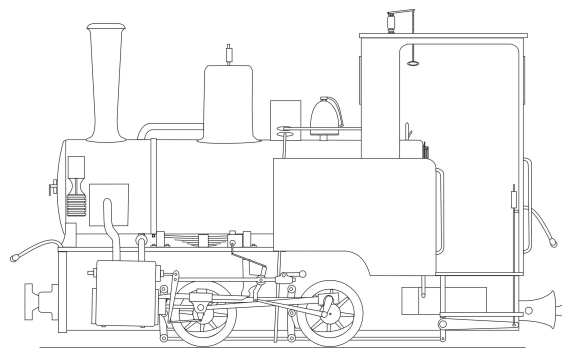

By 2007 a 450 sq metre (5,000 sq ft) Running Shed had been completed providing the G.V.L.R. with permanent under cover storage and first class maintenance facilities.

The G.V.L.R. is currently home to 2 steam locomotives, 21 diesel and battery electric locomotives, 8 coaches including the historic former Ashover Light Railway coach No.4 and the former Ffestiniog Railway coaches 118 & 119 and 34 assorted wagons.

Help us restore this

into this,

and then learn
to drive and fire it.

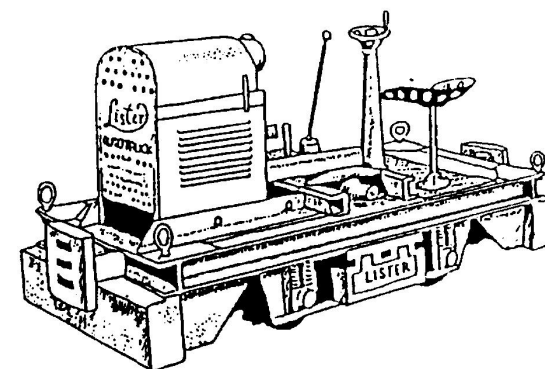

HOW YOU CAN HELP

By volunteering to drive or guard our passenger trains one or more afternoons a month (full training will be given).

The G.V.L.R. is always pleased to receive donations of railway books and railwayana for its fundraising stall.

Please ring 0115-917-0570 - we will collect.
